About BYCS

We dream of an urban future in which half of all city trips are by bicycle by the end of the decade. To help achieve this, we facilitate the development of a bicycle culture in cities across the world, guided by this bold mission that we call 50X30. Our work is rooted in the belief that bicycles provide more than efficient and sustainable transportation. Whether it is to attain gender-fair cities, decrease urban inequality, improve community health, foster neighbourhood economies or ensure urban resilience, the bicycle is a powerful tool for societal transformation.

About the Bicycle Mayor Network

The Bicycle Mayor Network brings together volunteer changemakers representing more than 110 cities in over 34 countries. Bicycle Mayors work with government, industry, activists, and residents to uncover the economic, societal, health, and environmental benefits that increased cycling can bring. Bicycle Mayors are selected for a period of two years during which they focus on addressing the main identified barriers to increase cycling in their cities.

About the Role

In this role, you will work with the Network Manager to ensure that Bicycle Mayors and BYCS are able to get the most out of the network while ensuring that the various network processes (application review, onboarding, monthly network newsletter) run smoothly. This can range from producing engaging digital content about Bicycle Mayor initiatives to organising collaborative events between Bicycle Mayors. Success in this role can be assessed by positive feedback from Bicycle Mayors, efficient execution of processes, and seamless communication with the Network Manager and the BYCS team regarding Bicycle Mayors and opportunities.

Your Skills and Experience

- Entrepreneurial spirit - always looking for new connections between people and opportunities
- Able to establish and develop relationships with internal and external stakeholders
- Strong organisational ethic and attention to detail
- Comfort in a dynamic working environment
- Ability to work independently with limited oversight
- Languages: English (fluent), Spanish (proficient, preferred)

Benefits

- A unique opportunity to get insight into the inner workings of an NGO run as a social enterprise
- Be part of a young and passionate team from diverse backgrounds, passionate about cities, cycling, sustainability, social equity and communication
- Opportunity to learn soft and hard skills, to pitch your own projects and ideas and have a say in the organization's direction
- Flexible working conditions, with the ability to work remotely temporarily as needed
- A flexible office in Overtoom, Amsterdam
